education and training*

## **Workshop: Hypervideos for teaching and learning (in vocational education)**

**Swiss Federal Institute for  
Vocational Education and Training  
Lugano – Switzerland**

**December, 15th – 16th 2016**

### **Program arrangements**

#### *Presentations*

Presentation will be scheduled for 45 minutes (ideally, 30 minutes presentation and 15 minutes discussion). However, participants who present a software are encouraged to foresee a slot for a practical demonstration.

### **Venue**

With a population of around 70'000 persons, Lugano is the largest city of the Canton of Ticino, the Italian-speaking region of Switzerland. The city lies on lake Lugano and is surrounded by the Swiss Pre-Alps. In December, in the main streets of the center there is a Christmas market.

#### *How to reach it:*

The easiest way to arrive in Lugano is through Milan (Malpensa or Linate airports) and then take a 1-hour shuttle bus until Lugano. Here some websites of companies which offer this service from Malpensa to Lugano train station:

<http://www.jetbus.ch/>

Other possibilities to arrive in Lugano are:

- to fly until Lugano airport through Zurich or Geneva;
- to fly until Zurich and then take the train until Lugano (approximately 3 hours depending on the train).

**We remind that traveling planning and expenses are up to the participants.**
